

The Osage County Public Works Director is seeking an equipment operator at the Osage County Transfer Station. Position is responsible for loading trailers at the transfer station as well as stock piling recyclables and burying various materials that come into the landfill per KHDE guidelines. Work days are Monday through Saturday possibly requiring some overtime as determined by the director. Applications are due by January 31, 2022 and should be returned to the County Clerk's Office. Applications are available on-line at the Osage County Home page.

The Osage County Public Works Director is seeking a general laborer/truck driver for the road and bridge department. Class A or B CDL is preferred but will assist the right applicant in obtaining their CDL. Position is responsible for working with a crew to maintain county roads, build bridges, replace culverts, snow removal, road surfacing and various other jobs performed by the road and bridge department under the supervision of the department foreman. Typically a 40 hour work week with some overtime most often attributable to road maintenance during inclement weather. Applications are due by January 31, 2022 and should be returned to the County Clerk's Office. Applications are available on-line at the Osage County Home page.
